

## **BESTNet/ecoSERVICES workshop on the economics of ecosystem Program**

14:00-14:30 Registration and Introduction

Markus Lehmann, CBD

A. Duraiappah, UNEP

### **Tuesday 22 May**

#### **Session 1: Valuation of ecosystem services**

14:30-15:00 A.P. Kinzig, Ecosystem services and human well-being

15:00-15:40 S. Baumgartner, Valuation of ecosystems

16:00-16:40 E.B. Barbier, Valuation methodologies

16:40-17:20 K. Chopra, Case study (India)

17:20-18:00 General discussion

### **Wednesday 23 MAY**

#### **Session 2: Economics and management session**

08:30-09:00 S. Polasky, Economics of ecosystem services

09:00-09:40 J. Tschirhart, Modeling biodiversity externalities in natural ecosystems

09:40-10:20 C. Costello, Spatial Externalities, Property Rights, and Ecosystem Services in Exploited Systems

10:40-11:20 U. Pascual, Modeling biodiversity externalities in agro-ecosystems

11:20-12:00 C. Perrings, Implications for management and policy

12:00-12:30 General discussion

#### **Session 3 Implications for research and policy**

14:00-14:45 Implications for the CBD and COP-9, led by Markus Lehmann

14:45-15:30 Implications for UNEP and PES, led by Anantha Duraiappah

16:00-17:00 Implications for the Diversitas research program and next steps

### **Participants**

Peter Burkill	Sir Alister Hardy Foundation for Ocean Science	UK
Graciela Canziani	Universidad Nacional del Centro	Argentina
Fabian Jaksic	Pontificia Universidad Católica de Chile	Chile
Daniel Rondeau	University of Victoria	Canada
John Tschirhart	University of Wyoming	USA
Wolfgang Weisser	Friedrich-Schiller-University	Germany
Steve Polasky	University of Minnesota	USA
Edward Barbier	University of Wyoming	USA
Unai Pascual	University of Cambridge	USA
Chris Costello	University of California, Santa Barbara	USA
Kanchan Chopra	Institute of Economic Growth, University of Delhi	India
Stefan Baumgaertner	University of Lüneburg	Germany
Ann Kinzig	Arizona State University	USA

Anantha Duraiappah	UNEP	Kenya
Markus Lehmann	Convention on Biological Diversity	Canada
David Huberman	IUCN	Switzerland
Charles Perrings	Arizona State University	USA
Gustavo Garduno*	Arizona State University	USA
Elizabeth Larson*	Arizona State University	USA
Marc Conte*	University of California, Santa Barbara	USA
Brenda Lin*	Columbia University	USA
Dan Bunker*	Columbia University	USA
